

DUAL G2 TUBE KIT MOUNTING INSTRUCTIONS

G2 Fertilizer Disc

Before working on your planter or drill

DANGER: When storing or working on the planter always install cylinder stops or place the planter on stands to prevent personal injury or damage to the attachments.

PLEASE: Read instructions completely and verify all package contents before beginning installation.

NOTE: There are left-hand and right-hand units.
Shown are right-hand units.

#1: Screw injector orifice into the end of the adjustable threaded tube guide that will be pointing down. The orifice end with the small hole is screwed in towards the inside of the tube, with the color coated end towards the outside. Tighten orifice with 5/32" Allen wrench.

Before you begin, verify all "package contents" items
NOTE: There are left-hand and right-hand G2 units.
