TERMS & CONDITIONS

It is our mission to meet or exceed our customers' quality needs and expectations today and to anticipate their requirements for tomorrow. We will strive to accomplish this through continuous process improvement in all areas of our business. Our goal is to build a relationship with our suppliers, dealers, and customers to insure that quality is never compromised.

PRICING

All prices are subject to change without notice. Orders will be invoiced at current prices on the date shipment is made. All prices are F.O.B. Schaffert Mfg. Co. Inc.

RETURN POLICY

We will gladly accept returns within thirty (30) days of receipt for new merchandise that has been purchased directly from Schaffert Mfg. Co.. Returned merchandise must be accompanied by the original receipt, packaging and all original tags.

Customers wishing to return or exchange merchandise must contact us at 308-364-2607 or sales@schaffert.com in order to receive a return authorization number. You must also provide a detailed reason for the return/exchange. The returned/exchanged merchandise will be shipped at the customer's expense. The final decision to issue or deny full credit will be made by Schaffert Mfg. Co.. All returned items and canceled orders are subject to a 20% re-stocking fee. Special order items may not be returned.

Returns will not be accepted on items that are:

- Opened or used
- Missing a copy of their original invoice
- Special orders (returned at our discretion)
- Returned more than 30 days after delivery
- Returned without a notification
- Purchased from a dealer or distributor
- Returned in a package not well suited for the item.

Special care and consideration must be made when shipping some of our merchandise. If we receive the item in a damaged package you may not receive a refund. For questions on packaging a return, please call us: 308-364-2607.

Customers may be charged a 20% re-stocking fee on any returned parts. The replacement merchandise will be shipped from Schaffert Mfg. Co. to the customer at customer's expense. Schaffert Mfg. Co. will not charge shipping for items shipped in our error.

Prior to shipping, Schaffert Mfg. Co. inspects each order for accuracy and all items are bar coded for tracking purposes. Upon delivery, if any merchandise is broken and/or missing, customer must contact Schaffert Mfg. Co. immediately for claims. Schaffert Mfg. Co. is not responsible for merchandise that is damaged, broken, stolen, destroyed or misplaced by the shipping company, purchaser or an outside party.

Failure to follow the above procedures will result in loss of credit and refusal by the company to accept the items!

WARRANTIES & LIMITATIONS OF LIABILITY

Seller warrants that the products or services sold hereunder shall be free from defects in material and workmanship under normal use and services when correctly installed, used, and maintained. This warranty of quality shall terminate 30 days after delivery of the product, of provision of services, to buyer and shall not apply to products which have been subject to misuse, abuse, neglect, improper storage, handling, or maintenance. The foregoing warranty is in lieu of all other warranties with respect to the product and services, whether oral, written, express, implied, by operation of law or otherwise, so statutory. This is not warranty of merchantability or fitness of a particular purpose or any other warranties arising by usage of trade, course of performance, or course of dealing. Seller shall not be liable to buyer or any other person for special, indirect, incidental, consequential or exemplary losses, damages or expenses, directly or indirectly arising from the sale, handling or use of the products or services or from any other cause relating thereto. Seller's liability hereunder whether based on contract, warranty, tort (including but not limited to negligence and strict liability) or otherwise is limited to, at Seller's option, the correction of defective services or refunding or crediting the Buyer with the amount equal to the purchase price thereof, the replacement or repair of defective products or the repayment of the products. Products may be returned, F.O.B. seller's facilities, only after inspection and approval by seller and upon receipt by buyer unless filed within (1) year from accrual of the cause of action therefore.

CASE IH Drills

NEW HOLLAND *Air Seeders*

This image shows a single page from a lined notebook. The page is white with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. The notebook's cover, which is dark blue or black, is visible around the edges of the page. The page is completely blank, with no writing or markings.

REBOUNDER® SEED COVERS

Place all your seeds at the bottom of the furrow with the Rebounder. Add an optional fitting for in-furrow liquid placement. We have three optional fittings to choose from—Y-Not Split It, Straight Shot, Hose Holder.

REBOUNDERS FOR CASE IH DRILLS

ELECTRIC PUMP PRESSURE

RECOMMENDATIONS (with 5 lb check valves):

Minimum: 15 PSI

Maximum: 40 PSI

CHARTS ARE BASED ON WATER (8.34 LB/GAL MATERIAL) @ 60°F

- Cleanliness, viscosity, and temperature affect the flow rate.
- Heavier fertilizers will have 5-15% less flow than chart indicates for a certain pressure.
- Cold fertilizers will cause system pressure to increase at a given application rate.
- The electric pump systems will have reduced flow and increased electrical current draw due to cold fertilizer increasing operating pressure. Use the largest orifice possible for cold weather operation.
- **PLEASE NOTE:** Only 1 orifice can be used under pressure, either this high pressure injector orifice out the back or an orifice in the manifold.

DO NOT RUN 2 ORIFICES UNDER PRESSURE.

GENERAL INFORMATION FOR CHARTS:

- **10-34-0** and **3-18-18** or **11.7 lb/gal**— divide by 1.18
- **32-0-0** and **9-18-9** or **11.04 lb/gal**— divide by 1.15
- **28-0-0** or **10.67 lb/gal**— divide by 1.13
- **5-5-5** or **11.4 lb/gal**— divide by 1.17
- **8-19-3** or **10.5 lb/gal**— divide by 1.12

NOTES

[illegible]

SCHAFFERT MFG. CO.

PLANTERS — DRILLS — PUMPS

Schaffert Manufacturing Company has re-invented the planter's tail section, with a la carte attachments that bring more uniformity and consistency to a planted field, better seed to soil contact, and higher yields due to overall improved crop production.

Our easy-to-install attachments include Rebounder seed covers, 2x2 and in-furrow liquid solutions, angled spike closing wheels, parallel linkage tail sections, wheel scrapers, and more. Our complete pump systems are pre-built for hassle-free assembly—just bolt it on and go!

We also have a large selection of cultivators and other short-line farm equipment for sale or rent.

WE ARE AN AMERICAN
MANUFACTURING COMPANY

PAUL SCHAFFERT,
CEO SCHAFFERT MFG. CO.
