WHEEL SCRAPER MOUNTING INSTRUCTIONS

For the Chicken Tracker on Case IH Planters

Before working on your planter or drill

DANGER: When storing or working on the planter always install cylinder stops or place the planter on stands to prevent personal injury or damage to the attachments. **PLEASE:** Read instructions completely and verify all package contents before beginning installation

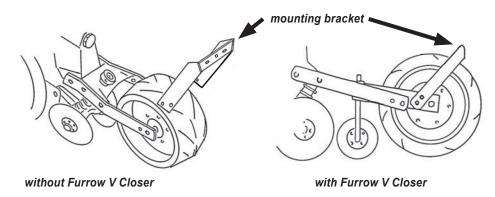

NOTE: The following instructions are for mounting press wheel scrapers and Chicken Tracker scrapers to Case IH planters, both with and without the Furrow V Closer. Planters using the FVC take a different mounting bracket and bolt kit.

STEP #1:

Bolt the scraper bracket to the press wheel arm bracket:

Planters with FVC: Use the four 3/8" bolts and lock nuts.

Planters without the FVC: Use the two 1/2" bolts and nuts and the existing press wheel bolt.

Chicken Tracker Scraper Package Contents with FVC (per single row)

Item Quantity	
Mounting Bracket	
Plastic Scraper 1	
3/8" x 1" Bolts 4	
Lock Nuts 4	
1/4" Whiz Bolts 2	
1/4" Nuts 2	
Instruction Sheet 1	

Chicken Tracker Scraper Package Contents without FVC (per single row)

Item Mounting Bracket. Plastic Scraper. 1/2" x 1" Bolts 1/2" Nuts. 1/4" x 1" Whiz Bolts 1/4" Whiz Nuts Instruction Sheet	Quantity
Mounting Bracket	1
Plastic Scraper	1
1/2" x 1" Bolts	2
1/2" Nuts	2
1/4" x 1" Whiz Bolts	2
1/4" Whiz Nuts	2
Instruction Sheet	1

STEP #2:

Bolt the plastic scraper to the top side of the mounting bracket with the 1/4" whiz nuts. Adjust the scraper to wipe the mud off the press wheel, and tighten the bolts.
